No Truth in Drydock Charges, He Asserts on Arrival Here
Expects Government to Have Largest Group in Next House

Optimistic and full of energy in spite of several weeks of hard campaigning in the East, Hon. S. F. Tolmie, Minister of Marine, returned to Victoria on Tuesday, and was met at the Victoria station by a large group of his constituents. He is expected to have the largest group in the next House of Commons.

Tariff Revision.
"Would the Government revise the tariff if it were returned," Dr. Tolmie was asked.
"That is very probable," he replied. "I cannot say now. We want to see first how the Americans are going to settle down to their new Fordney Tariff. As a matter of fact, we have the lowest tariff in the world now. Our opponents claim that our tariff is too high on the implements of production. Well, in 1918 I introduced two tariff amendments which were imported into Canada. Of this quantity \$9,000,000 were dutiable and \$14,000,000 free. Estimating the value of the goods at \$20,000,000, this would cost our farmers only eight or nine cents per hundred acres. If those implements had been manufactured in Canada, they would have employed 12,000 men, and would have increased the farmers' home market very considerably."

The Cattle Embargo.
"We are hopeful and have good reason to be that the cattle embargo will be lifted in the near future," Dr. Tolmie stated. "We hope to see legislation to abolish the embargo will be brought down at the next session of Parliament."
The Drydock.
"The dockwork is going right ahead," Dr. Tolmie declared. "Charges that politics were entering in the work I do not believe in. I am of Labor, and I have learned that there is absolutely no truth in these allegations. The contract was signed months ago and is already in force. I have no intention of not pressing the work to a successful conclusion. I understand that there was some trouble with the contract, but I am sure in connection with the dock work, but this is purely an engineering difficulty."

"There is no doubt in my mind that the Government will have the largest group in the next House of Commons," Dr. Tolmie stated. "I mean that the Government will have sufficient support to carry on in office. With a three-cornered fight on our hands, of course, I would be foolish to prophesy that the Government will have an absolute majority. Mr. Meighen's campaign has been extraordinarily successful. He is receiving enthusiastic reception everywhere, and people are realizing that the Government stands at the greatest figures contemporary public life in Canada has produced."

The Coming Polls.
Asked to explain upon what the Government based its expectation of success at the polls, Dr. Tolmie said that the Government expected to carry nearly every British Columbia seat, to capture a number of Prairie constituencies, and to gain support in Ontario, to gain a number of seats in Quebec.
"The Farmers, of course, will take most of the seats in the Prairie, but the Government will undoubtedly elect some members there, too," he said. "But the Liberals will elect scarcely a member if they elect one at all, on the Prairie. I am not so familiar with conditions in British Columbia, of course, but I was assured by members in Vancouver yesterday that the Government stands a good prospect of making a clean sweep of this Province. In Ontario the Government will receive wide support. Ontario is the battleground of the campaign, and it is there that Mr. Meighen will concentrate from now on. He has turned to the East in his campaign now and will not come West. In Quebec, supposed to be a solidly Liberal Province, the Government expects to elect a number of members for there is a big sentiment there in favor of the policies of the present administration. Mr. Meighen appears to be sure of re-election in Portage la Paire but Mr. King has a desperate battle ahead of him in his constituency."

Asked what the Government intended to do about Oriental immigration, Dr. Tolmie replied: "We have simply got to take such steps as are necessary to protect this country or it will become an Asiatic country. This matter comes under Mr. Meighen's department and I have such questions under advisement in England at the Imperial Conference. My mission was in connection with the cattle embargo."

Irish Negotiations Now Are at Critical Point
London, Nov. 24.—The negotiations for an Irish settlement are feared to be nearing an unfavorable end, according to a high authority to-day, and there is apprehension that next week may witness their collapse unless more favorable circumstances shall develop.

Ulster, apart from its objection to an all-Ireland Parliament, is insistent upon allegiance to the crown. It is believed that a conference which was held this morning in the House of Lords between Lord Birkenhead, the Lord Chancellor; Sir Gordon Hewart, the Attorney-General, and Arthur Griffith, Michael Collins and George Duffy, Dail representatives, was occupied with debate over the constitutional principles involved.

SPEECH BY KING IN WOODSTOCK, ONT.
Large Ontario Audience Heard Liberal Leader

Woodstock, Ont., Nov. 24.—(Canadian Press Staff Correspondent)—That nothing was further from his mind than letting any Meighen party candidate win a seat in this election which could be taken by the Liberals was the statement of Hon. Mackenzie King, Liberal Leader, in an answer to a dispatch to the effect that the Liberal candidate in Marquette, Manitoba, had entered the fight to split the vote and let Brig.-General Hugh Dyer, Meighen party candidate, win. The dispatch said it was rumored instructions had been issued by Mr. King that a Liberal was to be placed in the field against General Dyer and Hon. T. A. Cresser to split the vote.

Audience of 3,000.
Some 3,000 electors of Woodstock and district packed the Armories last night to hear Mr. King speak in the presence of Dr. Sinclair, Liberal candidate.
The Liberal leader criticized the appointment of a score or more of Ontario to put Hon. Mackenzie King into power on December 6 was Dr. Michael Clark's prediction here to-day. A strong majority would be assured, he said, as a number of other members who were Liberals in principle would inevitably join the party when matters simmered down.
Dr. Clark thought it conservative to expect 12 seats in Nova Scotia, seven in New Brunswick, two in Prince-Edward Island, 15 at least in Ontario and 60 in Quebec.

Victory Predicted.
Inverness, Sask., Nov. 23.—Nineteen seats for the Liberals in the Eastern Provinces, with enough west to expect 12 seats in Nova Scotia, seven in New Brunswick, two in Prince-Edward Island, 15 at least in Ontario and 60 in Quebec.

CONFERENCE PAUSES FOR U. S. HOLIDAY
But Nations' Delegates Continue to Be Busy
Washington, Nov. 24.—Although formal proceedings of the conference on limitation of armaments were suspended, Thanksgiving Day is one of only nominal rest for the delegates. In the absence of any meetings of the conference or its sub-divisions, the negotiations are continuing to be pressed through consultations among the various individuals and groups. As development of uncertainty appears, the outstanding point of interest appears to be the conflict of views between the British and Chinese delegations on their interpretation of the four adopted principles in applying to the question of fiscal autonomy for China. The British view that the four resolutions were adopted by the powers as a fiscal consortium pooling of railroad concessions and continued supervision of China's customs, while the Chinese view that the Chinese delegation, an internationalization of that country's economic resources.

Washington, Nov. 24.—Although formal proceedings of the conference on limitation of armaments were suspended, Thanksgiving Day is one of only nominal rest for the delegates. In the absence of any meetings of the conference or its sub-divisions, the negotiations are continuing to be pressed through consultations among the various individuals and groups. As development of uncertainty appears, the outstanding point of interest appears to be the conflict of views between the British and Chinese delegations on their interpretation of the four adopted principles in applying to the question of fiscal autonomy for China. The British view that the four resolutions were adopted by the powers as a fiscal consortium pooling of railroad concessions and continued supervision of China's customs, while the Chinese view that the Chinese delegation, an internationalization of that country's economic resources.

PRINCE OF WALES VISITS BARODA
State Banquet Given by the Gaekwar

Baroda, British India, Nov. 24.—The Gaekwar of Baroda gave a state banquet in honor of the Prince of Wales yesterday. In the speech which he made to the assembled guests, he eulogized the happy conditions prevailing in Baroda and expressed regret over the shortness of his stay.
Law and Order.
London, Nov. 24.—A Reuter cable from Calcutta says that when addressing the Legislature, the Earl of Ronaldshay, Governor of Bengal, referring to the rebellious manifestations in Calcutta and other points on the East coast of India, said that by this "wholesale terrorism and intimidation the normal life of the city has been gravely interfered with." A situation, he said, had arisen demanding drastic action, and he appealed for co-operation of law-abiding citizens.
The Governor announced that the Government would not hesitate to take all its powers and ask for more, if necessary, in order to put down the disorders.

WARSHIPS TO BECOME OWNERS
Proposal for Three New American Craft Of Commercial Use to the World
Washington, Nov. 24.—American officials are giving some thought to the possibility of salvaging as non-combatant naval or as commercial craft the three new battleships now afloat but which will not be completed under Secretary Hughes' naval limitation plan. They are scrapping the battleships by scrapping warships that would require the craft to be sunk or otherwise totally destroyed.

Ottawa, Nov. 24.—(Canadian Press)—The election will proceed in West Hastings, Ontario. West Hastings was the only constituency in Canada to have a candidate declared elected by acclamation—E. Meighen supporter—bvt investigation by Colonel Biggar, Chief Electoral Officer, shows that the action was irregular, and therefore every division in Canada will see a contest on December 6.

PREMIER MEIGHEN SPOKE IN PEMBROKE

Pembroke, Ont., Nov. 23.—Premier Meighen addressed a meeting here to-night. His appeal followed the lines which he had pursued thus far in his campaign. He devoted some time to a discussion of the railway situation, declaring that a large proportion of Hon. Mackenzie King's speeches were opposed to public ownership of railways, and that others advocated returning the Government system to private management.

VANCOUVER CAMP

IS ESTABLISHED

Plan Adopted for Relieving Unemployment

Vancouver, Nov. 24.—Unmarried unemployed men in Vancouver will be provided for this Winter by the establishment of a military camp in Hastings Park. The camp will be open on Tuesday next equipped with military supplies and prepared to give board and lodging to men at \$5.60 per week. Two days' work at forty cents per hour, or \$5.40 per week, will be guaranteed each man, however, both and laundry will be free.

With \$1 extra in their pockets, the men will have the rest of the week in which to look for work. They will be required to register in and out of the camp. Discipline will be enforced under officials of the police department. The preparation of a nine-hole golf course within Hastings Park and general work in city parks will provide employment. The cost of unemployment relief will be borne one-third each by the city, the Provincial Government and the Federal Government.

PARTIES UNITED IN SOUTH AFRICA

Premier Smuts Says Fusion Is Success

London, Nov. 24.—(Canadian Press) A Premier cable from Bloemfontein, South Africa, reports that when addressing a congress of Orange Free State ministerialists, Premier Smuts described last year's amalgamation of the South African and Unionist parties as the cornerstone on which a united South Africa had been built. The reorganized Cabinet, he said, was the most harmonious one in which he had ever participated. The recent dismissal by the Nationalist Party in the Transvaal of British educational leaders who were originally brought there by Lord Milner was a head-line. Smuts said that the public should not become panicky and employers should carry their share of the burden.

ECZEMA ON FACE AND HEAD FOR FIVE YEARS

Eczema or salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed and the intense burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed.

There is one way to get relief and no remedy like

BURDOCK BLOOD BITTERS

Take it internally and it gets at the seat of the disease in the blood and drives it out of the system. Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing. Mr. J. Sage, 235 Princess Ave., Vancouver, B. C., writes:—Having suffered with eczema on the face and head for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters, and after I had used two bottles I began to get better, and now after taking eight bottles I have not even a blotch on me. I feel that I cannot praise B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczema.

BOARD UPHOLDS WAGE DECREASE

Ottawa, Nov. 24.—The majority report of the Board of Arbitration in the wage dispute between the Canadian Brotherhood of Railway Employees and the Grand Trunk Railway upholds the general decrease in wages of 12.5 per cent. made effective by the railways in July last. The opinion is expressed, however, that the method adopted in distributing the reduction resulted in the lower-paid employees suffering greater decreases than those receiving higher pay. The Board recommends that an offer should be made by further negotiations to adjust these inequalities. The report is signed by John M. Goddard, chairman, and by H. H. Vaughn, the Grand Trunk Railway representative. A minority report will be made by Peter Beovitch, K. J. the representative of the employees. A. R. Mosher, president of the Canadian Brotherhood of Railway Employees, said he considered the report of the Arbitration Board incomplete. He said it recognized that the wage reduction bore too heavily on the lower-paid employees, but offered no basis upon which such a condition might be corrected.

NEW ZEALANDERS DEBATE TARIFF

Pressure to Be Exerted on Australia

London, Nov. 24.—Reuter's correspondent at Wellington reports that since the new tariff proposals were introduced in the New Zealand Parliament there has been an outcry from the manufacturers of New Zealand against the proposal to place Australia on a preferred basis with the rest of the Empire although Australia has given no such privilege to New Zealand. Premier Massey, introducing an amendment to the resolution, said Australia would, under the proposal, be placed on a footing with the countries outside the Empire in order to enable New Zealand to enter negotiations for reciprocal arrangements with Australia.

In 1907 he founded the McLaughlin Motor Car Company.

SALE OF WORK AT DUNCAN WAS A SUCCESS

Duncan—The Methodist Ladies' Aid held their annual Winter sale of work in the Cowichan Women's Institute rooms Tuesday afternoon. Mrs. McNichol and Mrs. Harris had beautiful plants and cut flowers for sale, while Mrs. Welsmiller presided over the cooked food stall with delicious looking cakes, bread and bottled fruit tiffin. Mesdames Ash and Gibson had plain and fancy needlework in great variety, and Mrs. J. H. Butler and Miss Truesdale sold delectable candies.

The tea room was as usual very popular, all arrangements for this being in the hands of Mrs. J. E. Butler, assisted by Mesdames Woodward, Plaskin and Platt. Fleet, Mrs. R. H. Whidden, filled the important office of "taking the money."

Cricket Club.

An important special general meeting of the Cowichan C. C. was held at the Truzabahn Hotel Tuesday. In the absence of L. W. Huntington, the president, Capt. R. E. Barkley took the chair. To place the Cricket Club on a sound and permanent footing the committee decided to issue 100 debentures of \$25 each. This money, if raised, will be used in the purchase and preparing of a new ground. At the meeting \$250 was guaranteed by members present. It was also decided to hold a dance at the Agricultural Hall early in December. A committee consisting of the president, L. W. Huntington, R. Gore-Langton, Major Williams, Freeman, J. A. S. Cole and A. D. Carr-Hilton, honorary secretary, was appointed to arrange preliminaries.

FOR IMMIGRANTS.

London, Nov. 24.—(Canadian Press) Reuter's Melbourne correspondent reports that after a long debate the Australian House of Representatives rejected a motion to delete the vote of £12,000 allocated for passage money for immigrants from the British Isles.

T. B. BOOTH TURNS SPOTLIGHT UPON NEED FOR CHANGE

Meighen Government Unmasked in Fighting Speech at Royal Oak

Twenty people attended the Liberal meeting at Royal Oak last night, and gave T. B. Booth and J. S. Brandon a good reception, listening with close attention to the exposition of the records of the Meighen Government and the reforms proposed by the Liberal party. That the Liberal party had always represented three-fourths of the people of Canada, while the Conservative party represents and acts for the wealthy, were the assertions made by J. S. Brandon, the first speaker. That Mr. Meighen did not want an election at this time, yet brought it on when the interests pointed out that delay would add twenty-five new prairie members to the opposition to their regime, was also pointed to by Mr. Brandon. He poured scorn upon the hyphenated cognomen adopted by the Meighen party, "caustically criticising billboard and newspaper advertising; 'hundreds of dollars spent in each issue of the daily papers, tens of thousands on the posters, here and all over Canada, much worse in the East where the fight is more intense. If ever Mr. Meighen had a nightmare it could not have been worse than what he must suffer when he views those vulgar and coarse depictions of his countenance,' he said, and declared the cost came 'every penny from the people, though money taken from them by the tariff which the manufacturers desire to maintain or increase,' said Mr. Brandon.

The Candidate.

T. B. Booth said Nanaimo riding was one of the most important in Canada, as comprising a wide and representative range of industries. He forecasted that his candidature would cut heavily into the Mr. 'Fritchard' vote in Nanaimo, and in the rest of the riding he expected that Mr. Dickie's chances were weakened by general disgust with the Meighen government. Showing how the West had been

cheated of 22 or 25 seats, Mr. Booth declared recently published census figures show manufacturing centres in the East have lost population.

"Paper shoes, worthless clothes, worthless rifles and spavined horses were the contributions the trusts of the war, and it is these trusts who re-election, with an eye to rewards through the tariff," he said. Mr. Booth touched upon the railway policy of the Meighen Government as costing upwards of two billion dollars.

That soldiers had been cheated of their pay through exchange, that friends of the government had cleaned up millions of dollars through the cashing of British notes, and that in the Militia Department no books had been kept in some departments, he charged.

Reckless expenditures had occurred in the course of demobilization, men being rushed back to civilian life while officers were kept on in idleness by the score, were also charged by Mr. Booth, who pointed to the inclusion of \$8,000,000 in the last

Rumanian and Grecian Loans.
 That the Dominion Government had by the "Rumanian and Grecian Loans," paid over to friends in Eastern Canada \$50,000,000 of the Canadian people's money, taking bonds of the two countries in exchange, "Both countries are now bankrupt," declared Mr. Booth, "and the people of Canada have nothing and will get nothing for the \$50,000,000 paid the government's friends."

The Sugar Scandal.
 Mr. Booth denied Government charges that the Liberal Party stands for free trade. "It stands for protection, but not for the present plan that puts one dollar in your pocket and takes out ten," he said, and reminded the meeting that the sugar barons had tried their best to get the Government to help them unload at the high price. "Only the roar of protest stopped this. It was so great that even Mr. Meighen could hear it," he said, and declared he favored a lowering of the tariff on many trust controlled manufactured products.

That in British Columbia, to-day there are 58,000 Orientals, one in every eight residents, was stated by Mr. Booth.

He claimed that British Columbia is specifically prevented from passing restrictive legislation as a result of Dominion Legislation passed by the Borden Government in 1913, and thought Canada could follow Australia's example.

"Personally I stand for total ex-

clusion of Orientals, and their shipment home as soon as it can be done," said Mr. Booth, contrasting conditions should the 58,000 Orientals be replaced with a like number of British born. "What Nanaimo contains needs representation in Ottawa by a man who knows the Oriental problem and realizes the peril," he said.

"Something is wrong when it is cheaper to send goods from Vancouver to Winnipeg via Panama and Montreal rather than direct," said Mr. Booth, declaring that the rate on east-bound freight—on railways—is double that on westbound, "a condition you will never get changed until there is a change at Ottawa."

He declared himself as advocating equal pensions for wounded men or soldiers' widows, irrespective of rank, and the issuance of fishing licenses to white British men who should be bona fide fishermen. "If I am returned to Ottawa the existing condition will be put an end to if I have any say."

Local Issues.
 The Nanaimo, Ladysmith, the Gulf Islands and Esquimalt election outlook were laid before the meeting. Mr. Booth declaring numerous local grievances as being powerful anti-governmental influences.

That Mr. C. H. Dickie was well entitled to be known as "the silent member" in 1900 when in the Provincial Legislature was asserted by Mr. Booth, who repeated his charges that, when not maintaining a golden silence, Mr. Dickie was voting against progressive measures.

VARIETY
Mary Pickford's latest United Artists production, "Through the Back Door," will be shown at the Variety Theatre to-day and balance of the week.
This picture shows Mary Pickford in a child role which at the same time is a character part. The story is a combination of comedy and drama, punctuated with many of those laughable pranks for which Little Mary is famous when portraying a pig-tailed kiddie.
From the farms of Belgium to the mansions of Long Island the camera follows this clever little actress in "Through the Back Door." Mother love and the heart-bunger of a child all bound up in an intricate society drama, supply the emotional impulses of the play.
The scenario is from the pen of Marion Fairfax, well-known playwright and dramatist. Jack Pickford and Alfred E. Green directed, while that wizard of the lens Charles Rosher, presided over the camera.
The management has arranged a special added programme of distinctive numbers, which promise to make the show at the Variety a real entertainment treat.

NEW FILM TO-DAY AT COLUMBIA
Recommendation that a Carnegie medal for heroism be awarded Nell Shipman, starring in "Back to God's Country," by James Oliver Curwood, which will be shown at the Columbia Theatre to-day, has been made following the knowledge that Miss Shipman has in the last two years saved three lives through her prowess as a swimmer and her courage.
Nearly two years ago Miss Shipman saved the life of Alfred Whitman, an actor, when he was stricken with cramps while swimming in the Kern River, Kern County, California.
Just recently when Mrs. I. H. Rothstein and her seven-year-old son Roger capsized in a rowboat at Net Goodwin Pier, Santa Monica Beach, Miss Shipman rescued them from the water after they had gone under for the third time.
In "Back to God's Country," Miss Shipman demonstrates her aquatic ability in a dramatic scene she rescues her father by leaping into the swirling rapids of a Canadian mountain waterfall. This is one of the few instances in which a star has risked her life for the correct depiction of a scene.

ROYAL VICTORIA
Three hundred and fifty dollars a day for a special train to take them to and from work—that is what it cost the Reginald Barker company when they made "Snowblind," a Goldwyn all-star picture, which will be the attraction again to-day at the Royal Victoria Theatre. The picture, which is rich in snow-bound landscapes, was taken in part at Lake Louise, Canada. There was no hotel open at Lake Louise in mid-Winter; and at Banff, where the company stayed, there was no snow. Consequently, a special train and crew of six, including a couple of cooks, whistled at six a.m. every morning for the motion picture folk then at a couple of hours, deposited them at their working location.
As an extra attraction Mrs. Douglas McConnan, the well-known Victoria singer, will render the following songs at the evening performance: "I Love You So" from "Chu Chin Chow," and "The Winds From the South." A very funny comedy and a scenic make up the balance of a good programme.

AMUSEMENTS TO-DAY
Variety — "Through the Back Door."
Columbia — "Back to God's Country."
Princess — "The Misleading Lady."
Royal — "Snowblind."
Dominion — "Ladies Must Live."
Capitol — "Don't Call Me Little Girl."

The Dominion Theatre all week Betty Compson, now a Paramount star, who was leading woman in "The Miracle Man," is the featured player in the new production.
"Ladies Must Live" was adapted by Mr. Tucker from the Saturday Evening Post story by Alice Duer Miller. The work of cutting 140,000 feet of film down to a limited number of reels and the running of the picture over and over in the projection room, proved a great strain upon Mr. Tucker. While the work of cutting the negative and making a new print was in progress Mr. Tucker made a trip of recuperation to Hawaii but struck the rainy season there and was forced to return to Los Angeles for sunshine.
The story of "Ladies Must Live" is said to be one of exceptional appeal and the production is in every respect fully up to the high standard of excellence maintained by Mr. Tucker. The cast is wholly adequate.

CAPITOL
Ruth Stonehouse, who will be seen here next in support of Mary Miles Minter in "Don't Call Me Little Girl," at the Capitol Theatre, started out to become a classic dancer. Her mother fell ill, however, and Miss Stonehouse abandoned her dance ambitions and went into pictures, for the simple reason that the old Esplanade studio in Chicago was just one block from her home and enabled her to work and still be near her mother. Since then she has gained an international reputation as a film actress. Her work has been so successful that she has been characterised as "the girl in the picture." Miss Mary Iard is presenting some delightful violin solos at the Capitol Theatre this week, and is forced to respond to repeated encores nightly.

HEIFETZ LEARNED IN REAL SCHOOL
Petrograd Conservatory Is Thorough Test of Efficiency
The idea on this continent of a "conservatory of music" is not quite what the term expresses in most big European cities. Here, almost any studio that employs two piano teachers and a violin "professor" can call itself a conservatory. Not so in Paris or Petrograd. This point was strongly brought out in a recent interview with the violinist Jascha Heifetz who graduated from the Imperial Conservatory in Petrograd at the age of thirteen.
To begin with, one has to pass a stiff examination for admittance. Naturally only the most gifted students ever hope to enter, and they are subjected to rigid tests. After playing before the greatest musicians in Russia, the successful candidates are enrolled, but not alone for the study of music. They attend classes in regular school subjects and an idea of the unusual type of students can be gained when we learn that

Heifetz who is only eighteen, is as well acquainted with ancient history, languages, higher mathematics, chemistry and physics, as any college student in America.
Every student at the Petrograd conservatory must learn violin, piano, organ, theory of music, composition, orchestration, ensemble playing. Frequently some of them study three or four instruments, but, of course, one is their particular aim. There are monthly examinations which invariably weed out the lazy ones or those whose talents fail to develop sufficiently. The final examinations are particularly taxing. Judging from descriptions, we imagine being on trial before the Supreme Court of the United States is mild by comparison.

GREAT ORGANIST HERE FRIDAY WEEK
Joseph Bonnet Will Appear at Metropolitan Church
The special blocks of seats—blocks B and C, set aside by the local management for the music students, colleges, schools, young people's literary societies of the city has been very much appreciated, judging from the manner these are being taken up at Fletcher Bros., where the sale of tickets for the recital at the Metropolitan Church of the great French organist on Friday evening December 2, is now going on. The opportunity to hear this supreme artist has been given to everybody as the prices of admission are exceptional, in fact, nowhere in this virtuoso's transcontinental tour, has there been such reasonable admission charges. Everywhere this brilliant artist plays he is greeted with big houses, and those who intend being present on the evening of his visit here will enjoy a gloriously artistic treat.
Some English criticisms of Bonnet are as follows: Manchester Courier, February 9, 1911:—"A performance exceptional, not merely for wonderful playing,

but also for the fact that every piece was played from memory."
Manchester Guardian, February 11, 1911:—"Such, at least, his work proclaims him, and such he appeared in M. Bonnet's magnificent interpretation of the Fantasia and Fugue (G minor of Bach). It is perhaps the greatest tribute one can pay to Mr. Bonnet's talent to say that he, who sees so clearly into the soul of modern music, can bring the same sympathy to bear undiminished on Bach or Haydn."
Sheffield Daily Telegraph, May 10, 1912:—"New comes M. Joseph Bonnet, a wonder musician from Paris and in ten minutes he wrings from the audience such a tribute of enthusiasm as is rarely given in any concert hall."

COMING TO CAPITOL
That his role of the Saharan chieftain in "The Sheik," a pictureization by George Melford for Paramount of the now famous novel of the same name which is the literary sensation of the current season, is the best of his screen career, is the opinion of Rudolph Valentino who, with Agnes Ayres, Paramount star, is the featured player in the production. It will be shown at the Capitol Theatre next week.
"I know of no more colorful role than that of the Sheik in this tremendous picture production," he said during the filming of the photograph in Paramount's California studios.
The scenes are as wonderful as they are stupendous and romantic.
Miss Ayres was enchanted with her role—the haughty English girl tamed by a masterful son of the desert, and by love.
And now those who have seen the picture say those quoted are right for "The Sheik" is a remarkable production.

Mrs. Anderson Says "Good"
Mrs. C. J. Anderson says that while, of course, she likes to use "Made-in-B.C." products in preference to others her chief reason for always having Pacific Milk for cooking is because she gets better cakes and things.
She says that results in baking can always be counted upon in advance when she uses it.

MR. DICKIE'S EXPLANATION

Mr. Dickie, National Liberal and Conservative candidate for Nanaimo, was not at all happy in his explanation of his opposition to an Asiatic exclusion measure which was introduced in the Provincial Legislature in 1900 when he was a member of that body.

Mr. Dickie also declared that the Laurier Government was responsible for the Oriental invasion of this country. Surely, he is not unsophisticated enough to expect anybody but an almost absolute stranger to believe that palpable misstatement.

A POLITE WARNING?

On more than one occasion since the signing of the armistice the relations between Great Britain and France have become somewhat strained and the Entente has been described as hanging by the slenderest thread.

PETER BUTTS IN.

Canada has given Mr. Peter Wright a warm welcome to this country on two fairly recent occasions. Many audiences have enjoyed his addresses by reason of their obvious sincerity.

variably applauded him. were composed of men and women holding every shade of political opinion. They were there together because the subject of Mr. Wright's address was always one in which conflict of political beliefs would not be endangered.

"GRAFT" AND PUDDING.

Mr. Pooley, member for Esquimalt in the Provincial Legislature, thinks there is a chance for "a great, big graft staring anyone who wants to take advantage of it."

THE P. G. E.

It is not difficult to understand the dilemma in which the Premier and the Government find themselves in connection with the future of the Pacific Great Eastern.

NOTE AND COMMENT

London reports that the negotiations for an Irish settlement are feared to be nearing an unfavorable end.

Mr. George S. Hanes has lost none of his interest in the Pacific Great Eastern Railway.

Ministerial authorities in London are reported to be more than annoyed over Lord Northcliffe's outspoken references to the Anglo-Japanese alliance.

LETTERS

Letters addressed to the Editor and intended for publication must be short and highly pertinent.

MUNICIPAL ECONOMY QUESTION

To the Editor:—In your issue of 22nd inst., under heading "Another Freak," you refer to a resolution adopted by the City Council.

THAT CANARD.

To the Editor:—I regret to be compelled again to refer to the worn out "fact" that Hon. Mackenzie King, Mr. H. W. H. Moore objects to my letter exposing Mr. Stevens' illogical position.

COURT DISMISSES ZEIGLER SUIT

trustees for the public in such case. Without some hesitation, I venture the gratuitous opinion that the only semblance of a remedy or at least satisfaction which the plaintiff has, is the inalienable right of every citizen to try by constitutional method to alter the personnel of the Council.

BURN OUR COAL

In the light of my references in this and my previous letter to unquestioned authorities, one cannot but conclude that if Mr. Moore's strictures of the Liberal leader are to be taken seriously, they apply with equal force to Mr. Arthur Meighen.

POLITICS

How About That Ambassador? Finding "the Best Man." Meighen's Portrait Can't Win Elections. Politicians Worry but Voters Don't.

What has happened to the Canadian ambassador to Washington about whom we heard so much a few months ago? The Ottawa Citizen demands, Mr. Meighen, The Citizen recalls, has stated that the Government has been unable to decide as to "the best man" to occupy the post.

Six months have elapsed since Mr. Meighen told us he could not find "the best man."

But the real reason for the non-appointment is found in Mr. Meighen's anti-Canadian prepossessions, The Citizen asserts.

The Government isn't getting very far by plastering Mr. Meighen's somewhat cheerless portrait upon every second billboard and simultaneously attempting to discredit Mr. King and Mr. Crerar.

The good people of Canada are not sitting up at night to worry about the election, although it is only a couple of weeks away.

opposition in the next parliament will have a creditable leader.

Is there no limit to Premier Meighen's disposition to antagonize Quebec? asks The Toronto Telegram. Apparently not.

At the meeting in Three Rivers recently, press dispatches tell how Mr. Meighen, standing mute on the platform as disorder prevailed, deliberately drank a glass of water.

No wonder the tumultuous minority, at sight of the glass of water so coldly consumed before their eyes, rose to new heights of pro-Quebec enthusiasm and forced Hon. Arthur Meighen to cut his speech short.

As a matter of fact, people are thinking less about the election than about what is likely to happen afterwards when the task of forming a new government will be under way.

Mr. Ballantyne complains that irregularities have been committed in regard to the registration of certain women voters.

The registrars evidently have been lacking in discernment if they have allowed frauds to be perpetrated, La-Patrie, of Quebec, suggests.

ADULT PROBATION AMENMENT WISE AND HUMANE STEP
Judge Helen MacGill, of Vancouver, Commends New Law
ALREADY PROVED SOUND ECONOMICS
Reformation and not revenge as the basis for legislation dealing with first offenders has long been the aim of social reformers. To this end rescue workers have been for many years endeavoring to secure a reform in the criminal code to avoid, if possible, the committing of young servitude of delinquents charged with a first offence.

James Finlay, of Shawinigan Lake; R. Kapolansky, Henry Murphy, John Hilbert, Frank Behan, of Nanaimo; C. L. Whitney, Griffiths, of Metchosis, are at the Dominion Hotel.
Last evening at "Breadalbane," the Rev. Dr. Campbell solemnized the marriage of Mr. Harry Fletcher Young and Miss Jessie Harrison Williams, of Victoria. After a brief honeymoon trip they will make their home in this city.

In order not to conflict with the ice hockey game scheduled for that evening, the grand military ball arranged by the officers of the 1st Canadian Scottish and the 5th Regiment will be changed from Friday, January 28, to Wednesday, January 30. The ball will be held at the Armouries and the marching band of the two regiments will furnish the music.

Mr. Fox did not think it wise to risk his feet in finding out about the trap so he trotted over to Mr. Coon's to tell him about some fine-sounding chickens which he was sure his dear friend Mr. Coon would like. "I am waiting for the turkeys to be the right size," he explained to Mr. Coon, "and as I am tired of being given a chance I thought I would give you a chance."

Wise and Humane Step.
This amendment embodies what is called adult probation and makes a wise and humane advance in social legislation. Under this new sub-section of the Criminal Code, pending sentences—that is, offenders placed on probation for such period and under such conditions as the court may prescribe, and may increase such period and change such conditions, and that during such period the offender shall report to an officer designated by the court. If the offender is not carrying out the terms the officer shall report to the court for sentence. The offender may be ordered to make reparation and restitution and while on probation he may be ordered as one of the conditions to support his wife and dependents.

Success in California.
Describing the working of the law Mrs. MacGill said that in the case of a man being charged with theft, the lawyer defending him moves for probation. The case is stopped and the delinquent is sent to the care of the Probation Officer. As sets to work to investigate the domestic situation surrounding the offender, the Probation Officer makes a report to the court. The man on parole is watched, but not hounded by the officer. He is given a chance to make good by repayment of the money stolen or the return of the goods. At the end of the stated probationary period the man is left with no conviction registered against him and without a stain on his character. The victim is reimbursed for his loss.

CONCERT AND BAZAAR AIDED MISSION FUND
Home and foreign missions will benefit as a result of the successful bazaar and concert held in the Metropolitan Methodist schoolroom yesterday afternoon and evening. The affair netted about \$35 for the mission fund.

Sound Economics.
"Once fact which should not be overlooked in this system of adult probation is that it is sound economics," pointed out Mrs. MacGill. "When a man is sent to prison, the cost of his detention makes a heavy burden while all too often his family is added to the burden borne by the ratepayers. When the man is allowed out on probation he continues at his work, his family relations are not broken and supports his family at the same time refunds the money or returns the goods he has stolen. Under the former system of sending a first offender to prison the victim got little satisfaction beyond the knowledge that the offender was being punished."

Statistics compiled in San Francisco from the working out of the adult-probation system showed that in one month 1,100 offenders were out on probation in the State of California. During that time they earned their ordinary occupations about \$38,000 which would have been paid to the community by their incarceration, and paid back over \$6,000 to merchants whom they have defrauded.

TWO COUNCILS NOT IN POLITICALS

New Westminster Aldermen Reply to Mayor Porter

Resignation Demand Criticized by Nanaimo Council

The municipal council of New Westminster has refused to endorse the action taken by Mayor Porter and members of the Victoria City Council to censure the Provincial Government for alleged extravagance and sending the Province "into bankruptcy," according to word which reached the Parliament Buildings today.

The New Westminster aldermen at their meeting this week discussed the proposal of the Victoria aldermen contained in a communication from Mayor Porter. The aldermen said that "the Porter missive seemed rather a violent tirade against the Provincial Government."

On the motion of Alderman Keary, passed unanimously by the council, it was decided to notify Mayor Porter that the city council of the Royal City does not indulge in politics.

The Nanaimo city council which also received a communication from Mayor Porter, passed a motion approving of the proposal that the Government should give the municipalities financial assistance, but "any talk of asking the Government to resign" was regarded as foolish by Alderman McQuikie and other members of the council, who suggested that a committee of three each from the Union of B. C. Municipalities and the Legislative-municipal committee might be appointed to break the existing deadlock.

WHISKY DILUTED UNDER BIG BOND

None Allowed in When Work Is Done

In the Victoria warehouse of the Liquor Control Board the work of breaking down, or diluting, spirits is carried out in the basement to which none but the manager and his assistants have access. Attorney-General Farris informed R. H. Pooley, member for Esquimalt, in the Legislature.

This work is in charge of Thomas Horne who personally supervises everything assisted by A. S. Christie, a blender. Mr. Horne is under a bond of \$10,000.

For the Victoria warehouse 1,744 gallons of whisky have been imported, but none of the 3,072 gallons rum imported and 50 1/2 gallons reduced from 55 overproof to proof, and 21 gallons reduced from 55 overproof to 15 underproof.

No gin has so far been imported in barrels, the Minister says.

Legislature Wednesday night again considered M. B. Jackson's bill which would prohibit the erection of billboards of such a size as to appear unsightly.

Sam Guthrie claimed that too much money was spent in advertising in the United States, he claimed, seven times as much went for advertising as was spent on education. He suggested that the bill pass, with the proviso that it come into effect only when other countries had passed similar legislation.

F. A. Pauline, Liberal member for Saanich, said he had no hope of the bill passing, but he hoped to see the time when legislation would be enacted to prevent the desecration of the beautiful scenery of British Columbia.

R. H. Pooley opposed this bill.

F. W. Anderson said the bill would interfere with the rights of landowners. He asked for a six months' hold.

Thomas Uphill wondered if British Columbia didn't have sufficient scenery without people worrying over a little of it being covered up by billboards.

Capt. Ian Mackenzie adjourned the debate, as Mr. Jackson was not in the house.

THE STORY OF CAROL KENNICOTT
By SINCLAIR LEWIS

The house was hazy, a long before evening. Shadows slipped down the walls and waited behind every chair.

Did that door move?

No. She wouldn't go to the Jolly Seventeen. She hadn't energy enough to caper before them, to smile blandly at Juanita's rudeness. Not to-day. But she did want a party. Now, if some one would come in this afternoon, some one who liked her—Vida or Mrs. Sam Clark or old Mrs. Champ Perry or gentle Mrs. Dr. Westlake. Or Guy Pollock! She'd telephone.

No. That wouldn't be it. They must come of themselves. Perhaps they would.

Why not?

She'd have tea ready, anyway. If they came—splendid. If not—what did she care? She wasn't going to yield to the village and let down; she was going to keep up a belief in the rite of tea, to which she had always looked forward as the symbol of a leisurely fine existence. And it would be just as much fun, even if it was so babyish, to have tea by herself and pretend that she was entertaining clever men. It would!

She turned the shining thought into action. She hustled to the kitchen, stoked the wood-range, sang Schumann while she boiled, the kettle warmed up raisin cookies on a newspaper spread on the rack in the oven. She scamped up stairs to bring down her flimsiest tea-cloth. She arranged a silver tray. She proudly carried it into the living-room and set it on the long cherry-wood table, pushing aside a hoop of the embroidery, a volume of Conrad from the library, copies of the Saturday Evening Post, the Literary Digest, and Kennicott's Geographic Magazine.

She moved the tray back and forth and regarded the effect. She shook her head. She busily unfolded the sewing-table, set it in the bay-window, patted the tea-cloth to smoothness, moved the tray. "Some time I'll have a mahogany tea-table," she said happily.

She had brought in two cups, two plates. For herself, a straight chair, but for the guest the big wing-chair which she pantingly tugged to the table.

She had finished all the preparations she could think of. She sat and waited. She listened for the door-bell, the telephone. Her eagerness was stifled. Her hands dropped. Surely Vida Sherwin would hear the summons.

She glanced through the bay-window. Snow was sitting over the ridge of the Howland house like sprays of water from a hose. The wide yards across the street were gray with moving eddies. The black trees shivered. The roadway was gashed with ruts of ice.

She looked at the extra cup and plate. She looked at the wing-chair. It was so empty.

The cup across from her was jolly. The tea was cold in the pot. With weariness dipping finger-tip she tested it. Yes. Quite cold. She couldn't wait any longer.

She didn't want the heasty tea. She was sprinking up. She was on-the-such-sobbing.

Preparing for a Change—To the Island Automobile Club in conference last night, R. R. Webb, secretary of the Victoria club, explained the Government plans for advertising the route of the road, which will be changed on the night of December

A month of advertising will be spent in placing large posters advertising the change; on the night of December 31, posters will be changed to read: "Keep to the Right." Slides will be exhibited in all theatres; streamers will be placed across streets. Every motorist, garage and auto dealer will be supplied with "stickers," in reminder of the change. All road signs will be altered to "Keep to the Right," and all motorists will be warned to drive slowly as possible for two weeks to permit pedestrians time to become acquainted with the new conditions.

Nervous Breakdown

The extreme depression and disordered which comes over one at times is the most alarming symptom of nervous exhaustion.

This letter is a message of hope to all who find themselves in this unfortunate condition.

Mrs. Geo. T. Tingley, Albert, N.B., writes:—

"For years I was in a very nervous, run-down condition, was much depressed in spirits and suffered a great deal at times. The latest noise would irritate me and at times I felt as though I certainly would go crazy. I consulted different doctors to no effect.

"A friend advised the use of Dr. Chase's Nerve Food and I can truly testify today to the great benefit received. There was a marked change before I had finished the second box and when I had used a dozen boxes my nerves were thoroughly restored and I was entirely relieved of those terrible feelings I used to have. I shall ever be ready to testify to the benefits of this wonderful medicine, feeling sure that it will give to others the quick and permanent relief it has given me."

Pro Hockey Squad Hold First Workout

Four Aristocrats Practised at Arena Yesterday While Six of Mets Performed in Seattle - Fraser Looks Good - Regina Takes Out Pro Franchise

Although the first official practice of the teams in the Pacific Coast Hockey Association is not until Monday, some of the clubs have their players out on the jump. Yesterday both the Seattle and Victoria teams took their opening practice and Vancouver will start shortly.

Seattle Opens Well.

Seattle has a slight edge on the coast. They had six men out yesterday and the following dispatch from across the Sound will be of interest to the local fans:

The old grind has started for the six members of the Seattle Hockey Club now in town. Roy, Rickey, Happy Holmes, Jack Walker, Bobby Row, Bernie Morris and Tommy Dunderdale and Harry Meeking. The quartette of "Arries" showed fairly well. They did not try to burn up the ice but showed enough speed to convince a rail-bird that they will be in the pink when the curtain goes up.

Fans Like Fraser.

Walker and Fraser were in complete uniform yesterday, and the latter was the pretty picture. A number of fans were on hand to see the Mets chase the puck up and down the sheet of ice, limbering up their arms and legs. Fraser handled himself well, his skating and passing was good, and the consensus of opinion is that he will do to take along the big four from home on Monday. With the arrival of the three, the Met squad will be completed for the coming season. Muldon figures nine players of the class position. Fraser is plenty to carry him through his campaign.

Walker's Knee Alright.

A point of much interest to Seattle fans, that of Jack Walker's twisted knee, can so far be answered favorably. Foxy Jack said the injured knee is better than he expected, and he did not bother him. Walker went to a bit harder than the other boys but it was not noticed that he favored the knee. Walker will play with it sandaged at first, just to be safe. Rickey, Holmes, and Rowe all feel fine, while Morris is a few pounds heavier than last year. Outdoor ice during the Summer painting his cheeks a nice brown.

Regina, Nov. 24.

Wesley Champ owner of the Regina Capitals, the newest entry into the Western Canada professional league, is in communication with three players of the Ottawa Senators with a view to having them come out here this Winter.

Regina is starting off on a campaign that will lead them into hot water before very long.

When they secured a franchise in the Western league they were admitted organization. Ottawa Senators with a view to having them come out here this Winter.

Montreal, Nov. 24.

Montreal will be able to stage, if necessary, the Stanley Cup final next March, as the Mount Royal Arena is to be fitted with an artificial ice plant, its own announce. Since the destruction by fire of the old arena here three years ago, no definite arrangements could be made for any hockey games in March.

Football Muddle Is Becoming Worse As Days Are Going by

Secretary Roy, of D. F. A., Now Admits He Borrowed \$2,000 From New York Man and Has Not Yet Repaid It; Must Refund It in Two Weeks or Be Sued; London Upset Over Trouble; Report Ready "In a Few Days."

Winnipeg, Nov. 24.—Secretary David Roy, of the Dominion Football Association, admitted the indebtedness of President Dan Macneil and himself to Thomas Bagnall, of New York, to the extent of \$2,000, when interviewed here last night, but declared it was a personal obligation which in no way involved the United States Football Association or T. A. Cahill, the secretary.

Mr. Roy stated he had forwarded \$430 to Mr. Bagnall as a guarantee of good faith, but that the money had been returned owing to the letter being misdirected. He expected to hear from Mr. Bagnall in the morning. No note was made, he stated, so legal proceedings were out of the question. He denied having received "repeated applications for a return of the money," stating that the guarantee of good faith was all that Mr. Bagnall required until the financial statement of the Scottish football tour was ready.

WILL TRY HIS HAND AGAIN NEXT SEASON

It's Coming Out. Toronto, Nov. 23.—The Telegram soccer editor to-day says: "A new and very disturbing light has been thrown on the Dominion Football Association's financial situation by a report from New York to the effect that Thomas Bagnall is prepared to sue Secretary David Roy for \$2,000, loaned him while the Scottish players were in the United States. Mr. Bagnall has given Secretary Roy two weeks' grace."

According to the story, Roy received two cheques for \$1,000 each from T. W. Cahill which covered the guarantees put up by several American clubs. The bank would not cash the cheques until they had been certified and as the players were due to sail next day, Bagnall exchanged the cheques for one on his own bank. Roy is then stated to have informed Bagnall that drafts from Canada had not arrived and that he was short the necessary cash to settle up the tour before the visitors left. Bagnall is reported to have proceeded by \$2,000 until the funds arrived. After the Scottish players had sailed, President Dan Macneil and Secretary Roy remained in New York a day or two, but returned to Canada without, as Mr. Bagnall stated, refunding him the \$2,000 loaned. The cheque from Cahill, he cashed all right.

Must Come Across.

"Mr. Bagnall, the story runs, has made repeated applications to Roy for a return of the money and unless a settlement is made within two weeks, Bagnall will raise proceedings in the Dominion courts. Repeated assurances from Roy that the money would be paid, he declares, have not materialized."

United States Championship Will Be Decided at Los Angeles Speedway

Los Angeles, Nov. 24.—The final automobile race of the 1921 season of the American Automobile Association, at the Speedway here to-day will determine the national championship. Fifteen drivers are entered in the 250-mile event which is to start at 2 o'clock.

Swimming Record Bettered.

"Swimming records fell so fast it is hard to keep track of them. Eshelida Dibley, of New York, broke the 100-yard world's record of 9.2.5, which he ran in 29.4.5, clipping a full second from the old record which had stood for years. In addition he tied the 100-yard world's record of 9.2.5 five times in competition, the only time this has been done in history."

Stars Won Game in "Y" House League

The Stars were the winners of the basketball game in the Y. M. C. A. house league played last night. Their game with the Wanderers was the only one staged, as neither the Tigers nor Argos were able to field a team. The game was very fast and one of the cleanest yet played in this league. At half-time the score stood at 19 to 8 in favor of the Stars, and their final score was 22 to 14. The game was refereed by Physical Director Maguire.

California Not Coming.

For lack of funds and in view of the uncertainty of weather conditions at that season, the council decided against bringing a soccer team from the University of Stanford on New Year's Day, when a Rugby team from the California University will visit British Columbia. The soccer team was expected to bring the soccer team here is \$2,200.

League-leaders Hang Out Bad Defeat to Kirkham's in Wednesday League

Spencer's	6	2	2	13	9	5	
Kirkham's	6	1	4	1	8	26	3

Weller's have recovered themselves. The league has been stopped and the team is now squaring away for a vigorous offensive which the manager expects will bring the championship to his club. Yesterday Kirkham's waded into the leaders at Beacon Hill and hoped for a victory. They knew that Weller's had a couple of cripples and were anxious to be the fourth consecutive team to spill the leaders. However, the upholsterers concluded that they had lost enough games for booting the leaders to work to further ensure the grocers remaining in the cellar. The final score was 4-6.

Change Made Difference.

Weller's switched their team a bit. Sweeton, who formerly was in the forward line, was switched to centre half and he proved the mainstay of the team. He scored two goals and participated in many attacks. His work on the defence was very sound. Kirkham's put up a hard fight and had not been for a serious mishap to McArthur, who died ten years ago, it is possible that they may have figured in the scoring. The team went through the second half with but ten men, and although they attacked strongly they were not able to work effectively, through a forward being absent. Jelliman, Weller's goalie, had to pull off several times in order to stop the grocers from scoring.

Defeated by Jake, Senior.

Thirteen years ago he was defeated by Jake Schaefer, Sr. father of the man who wrestled the championship from him last night. In addition to attaining the world's record for average, he was the best player of importance in the world, and was looked upon as unbeatable.

V. I. A. TEAMS WIN BASKETBALL MATCHES

All of the basketball games played at the V. I. A. gymnasium last night were very closely contested. The boys, however, were a little superior in shooting, which resulted in their winning the game.

WOULD PRESERVE SCENERY.

On a motion at the Island Automobile convention, in session yesterday, a committee was appointed to make an investigation into steps for the preservation of the forests along scenic highways, and upon the suggested idea of preserving Mount Arrowsmith as a park. The committee appointed includes: J. G. Thomson, J. H. Beatty, Gilbert Christie, A. Carrichael, R. R. Webb and G. I. Warren, and will shortly lay a concrete scheme before the Government. The

preservation of scenic forests by purchase or exchange was suggested as one possible solution.

SHOULD CULTIVATE TASTE FOR MUSIC

Harry Charlesworth Uses Unique Gramophone Records in Lecture

The tremendous part played by the gramophone in developing an appreciation of music was convincingly proved in the course of an interesting address by Harry Charlesworth before an enthusiastic audience at the First Presbyterian school-room last evening. Taking for his theme "Musical Appreciation, or What We Hear in Music," the speaker maintained that if a choice had to be made between the two, the development of an appreciation of music was preferable to the ability to perform.

Music was the exception to the rule that "familiarity breeds contempt," for the more good music one heard the more one appreciated it. The art of music combined all the basic principles of the other arts, characteristic nationality, form and expression. National and descriptive music, folk songs and dances were exemplified on the gramophone and the piano to corroborate the speaker's remarks. To illustrate descriptive music Mr. Charlesworth gave a number of gramophone records which reproduced with striking fidelity the song of the nightingale and the thrush, and also the number "Thou Brilliant Bird," from "The Pearl of Brazil," showing the elaboration of the bird song. The lecture concluded with examples of dance music of different countries. Spanish, Argentine, etc., were particularly enjoyed. The audience being particularly enthusiastic about two delightful Jascha Heifetz records, "The Pearl of Brazil" and a Godowsky waltz. The gramophone records were graciously loaned by Messrs. Fletcher Bros.

MONEY VOTES CUT BELOW ESTIMATES

Government is Paring Appropriations Premier Thanked for Dropping P. P. Tax

Reductions are to be made in a number of the estimates before they come up for consideration in the Legislature. These reductions will be made on the estimates for 1922-23 already printed and before the members. The amount of the vote actually moved by the Hon. John Hart will in many instances now be less than that placed in the printed estimates. Departmental heads are busy going through their estimated appropriations and paring down. This action, it is understood, results from the determination of Premier Oliver to see that economy is practised to the last degree. These cuts will mean a reduction in the total expenditure for the year estimated at \$11,312,482 by the Hon. Mr. Hart. To the reductions also being made the Government will have to make a supplementary vote this year for unemployment relief. Just how much will be voted for unemployment has not yet been decided. Money will also have to be voted to provide for the grants and expenses in connection with the losses sustained through the recent floods on the Mainland, the washout at Squamish and for the expenses of the freight rates appeal.

The Alternative. Members of the Government are now debating what should be given to the municipalities in place of the personal property tax of one-half per cent, which was finally discarded yesterday afternoon. Just what some municipalities will lose by the killing of the personal property tax is indefinite as representatives of a number of municipalities have already declared that they would not collect such a tax. Expressing their appreciation of Premier Oliver and the Government in leaving the personal property tax as it has stood in the past, J. P. D. Mackin, President of the Vancouver Board of Trade; J. B. Thomson, chairman of the British Columbia branch of the Canadian Manufacturers' Association; and T. S. Dixon, chairman of the wholesale bureau of the Vancouver Board of Trade, waited upon the Government Leader this morning. The visitors said they felt that the action taken would result in the general stimulation of industry and would work out as the best solution of a difficult problem.

EXPLAINS PLANS FOR UNEMPLOYMENT

Dr. Tolmie Outlines Government's Policy and Works

"The Government takes the stand that unemployment first of all interests the municipalities, secondly the Provincial Government, and lastly the Federal Government," Hon. S. F. Tolmie, Minister of Agriculture, explained on his return here today. "By taking into consideration the conditions arising out of the war, the Government has agreed to pay one-third of the amount spent by municipalities for relief work over and above the normal cost of such work. In the case of doles given out for relief the Government, as before, will pay one-third of the cost. As a matter of fact, since January 1 of this year the Government has spent \$700,000 in assisting unemployment relief. In addition every department of the Government has been ordered to secure all supplies needed for next Summer during the Winter as far as possible. The National Railways have been authorized to purchase 75,000 tons of steel rails at next year's prices. This will give employment to several thousand men in coal mines and rolling mills. The National Railways, in addition, have undertaken to re-build and repair some 2,000 cars this Winter. Work will proceed on the Welland Ship Canal, tenders have been called for a big ice-breaker, on which Pacific Coast firms will bid and in British Columbia harbor work will proceed in Vancouver as will work on the Esquimalt drydock here. "According to the Labor Bureau unemployment is not so serious this year as it was last year. As for industrial conditions, industrial leaders are waiting to see what will happen at the forthcoming election."

IDENTIFY BODY FOUND.

Jens Michael Hansen, a Dane, it has been established, is the identity of the man found dead on Gossip Island by the Provincial Police recently. The body, which was in an advanced state of decomposition, contained a C. P. R. baggage check, which led to the identity of the unfortunate man. The body is being held at Mayne Island pending response from relatives thought to reside in the East. The baggage of the man Hansen was traced through the check, and his identity ascertained. On the body were some personal effects, and the baggage was a certificate of nationality from the United States Immigration authorities. Little is known of the man here, but the Provincial Police are wiring to addresses found in the baggage to learn more about the unfortunate victim of an unknown death.

FINE ORIENTAL PICTURE.

An invitation view of the film "The Sheik" was given at the Capitol Theatre this morning. This picture, one of the novel admirably showed the drifting sands, the palm of the oases, and the evening scenes of the desert with their representation of the Casimo scene in the Sahara where entrance was denied to all but Arab left its enchantment on the audience. The battle scenes in the desert between the bandit Omar, and the hero, Ahmed, is realistically depicted, and particularly thrilling was the rescue of the heroine, Diana. Another feature of the picture was the rich tapestries of the tent scenes, and throughout the depiction of Eastern opulence was exceptional. "The Sheik" will be presented here next week.

NEW CANDIDATES FOR CIVIC OFFICE

J. H. Gillespie and David Leeming to Run for Aldermen

J. H. Gillespie and David Leeming, two well-known business men of the city, have signified their intention of running for the office of aldermen at the forthcoming civic elections. Both have announced that they consider it their duty to accede to the wish of the respective deputations that have waited upon them with a request that they should devote some of their time in the interests of civic government. Both are heavy tax payers in the city. Mr. Gillespie is a native son, is well known and extremely popular, and his friends say that he will undoubtedly be elected with a handsome majority. The same remark holds good in the case of Mr. Leeming, who has been a resident of the city for twenty years. With the announcement by these two gentlemen that they will seek election, a total of five new candidates are now in the field for aldermanic honors, namely, J. H. Gillespie, David Leeming, Reginald Hayward, R. W. Berry and John Day. There are rumors of other possibilities, including ex-Aldermen Joseph Patrick and Mrs. J. G. Hay, of the Local Council of Women. December 7 is nomination day for civic offices, and polling will take place on December 14.

CHURCH AND CITY DRAFT COMPROMISE

Taxation Proposal Will Be Submitted for Approval

The Finance Committee of the City Council agreed yesterday to recommend to the City Council that exemption with church sites on a basis of ten feet beyond a straight line drawn between any two projections of a church edifice. The Privy Council decision ruled that the ground on which the building stood should be exempted and provided that such ground should be covered by the furthermost extension of the eaves. The city's assessments were made prior to the handing down of the Privy Council decision and therefore with Church representatives was held yesterday afternoon at which the above decision was reached. Perry Wollaston and Messrs. Lee Beattie Mitchell and Deaville were spokesmen for the delegation from the churches. Financial Report. Mayor Porter announced this morning that the city's financial report in answer to the allegations of civic extravagance is being prepared by the City Comptroller and will probably be ready for submission to the Council on Monday.

MR. IVEL HAS GOOD RECEPTION. Audience Cheers Him at Semple's Hall. Henry C. Hall and W. W. Baer Deal With Big Issues.

An enthusiastic and entirely sympathetic audience greeted William M. Ivel, Liberal candidate for Victoria, Henry C. Hall and W. W. Baer in Semple's Hall last night.

Mr. Hall, "More smoke stacks, improved freight transportation and trade conditions are needed," said H. C. Hall. When Mr. Ivel goes to Ottawa, as he was assuredly will, he will urge the Liberal Government to bring about more prosperous times throughout Canada.

"If we cannot get the money now to buy food and clothing, how can we be expected to survive Meighen's tariff?"

"If conditions in Canada are not sound to-day, what reason have we to believe that they will improve if the Meighen Government continues in office?" said Mr. Ivel.

The rushing through of the Election Act which he declared was unconstitutional, did not give the people honest representation, and was strenuously opposed by the late Sir Wilfrid Laurier, was referred to.

Sealers' Claims. Mr. Hall referred to the sealing dispute of a few years ago when the sealers of this country were deprived of a living in consequence of the Federal Government entering into an agreement whereby the Americans controlled sealing operations and over a million and a half dollars were paid to the Canadian Government in compensation.

The local sealer had, in turn, put in claims to the Federal Government for compensation, in view of their loss of vocation and money invested, but no recognition of their claims had been made. Mr. Ivel would certainly look into this matter and see that these men who were deprived of their livelihood should receive just consideration. Mr. Hall announced.

Railway Blunders. "The whole diabolical railway scandal and the deliberate and dishonest juggling of the National Railways and the tremendous debt heaped upon the people for the purpose of enriching favorites, with the ultimate purpose of making the people so disgusted that they will eventually be glad to hand the railways back to Mackenzie and Mann for next to nothing, was referred to.

"It is time Canada had an honest business administration," declared the speaker. "There was no reason why the National Railways could not be managed to the purpose of the system were abolished.

"Can you not easily understand how the Meighen Government has the money to spend on millions of bill-boards and page newspaper advertisements?"

"Labor and the people of Canada were dissatisfied with conditions and demanded a change," he remarked. Liberals followed sound British financial policies but the Meighen party, while waving the flag, showed a wonderful preference for American methods," said Mr. Hall.

"December sixth will decide whether we have progress or stagnation; whether labor and industrial conditions will improve or whether the present chaos

BURDE SHOWS HOW TO HOLD UP MONEY VOTES

Gives His Ideas on All Sorts of Things

Mr. Bowser Also Inquisitive About Expenditures

Major Burde started speaking against time late yesterday afternoon when estimates came up in committee. He said he wanted a declaration from every member of the House on his eight-hour bill and would fight every item until he got it.

"This is going on for two weeks," Mr. Premier, I want you to understand, said the Major.

"We will have to get busy and collect an amusement tax then," replied the Hon. John Hart.

The Major put in his time in telling stories about various members of the House under the guise of speaking on a vote of \$490 for the "unforeseen and unprovided" in connection with legislation. He started speaking about 5 o'clock and said he would keep it up until four minutes to six when he would move that the committee rise. This he did.

Mr. Bowser Offended.

Before the Major got going, Mr. Bowser began to delay votes. When the first vote of \$4,032,222 for public debt came up, the leader of the Opposition said that Hon. Mr. Hart had made the charge in his budget speech that the Conservative government was short in its sinking funds when it left office.

"I am going to have this thing settled now," said Mr. Bowser. "Does the Hon. Gentleman deny that there was a shortage of sinking funds?" Mr. Hart asked.

Mr. Bowser replied that the money had not been transferred to London as one of the trustees had just died at the time and in consequence the trustee board was not in existence. He asserted that he wanted the minister to get the information to corroborate this and give it to the House and that until such information was forthcoming the vote would be held up.

Mr. Hart said that the information would be furnished if Mr. Bowser put his questions in writing, so that he would know exactly what he wanted.

Too Much For Traveling.

The Leader of the Opposition then attacked the vote of \$2,500 for traveling expenses for the Minister of Agriculture, an increase of \$500 over last year's.

He explained that he did not oppose the traveling expenses of the minister himself as ministers should be encouraged to travel and inform themselves, but he wanted to take advantage of the opportunity to protest against the money being

Too Much For Traveling.

Turning to education he said that pupils in the public schools were being taught to spell words of which they do not know the meaning. He declared that the University of B. C. had no business intruding itself on the school system as the Province had it at present.

As for Vancouver he said it was over-populated with people who want to live without working and who want to enjoy the bright firesides and see the bright lights.

Premier Oliver tapped his desk in approval of this.

During the speech some of the members, including James Schofield, Archibald McDonald and W. A. McKenzie went asleep. At one point Mr. McKenzie was snoring so loudly that the Major had to stop, express his disapproval of members who snored when he was speaking, and get Mr. Pooley to go over and wake him up.

Anderson Says He Was So Weak He Was Ready to Give Up

"Tanlac built me up about a year ago, and I have been in the pink of condition ever since," said W. Anderson, 1727 Davie St., Victoria, B. C.

"I had been losing ground for about a year on account of stomach trouble, and, to make matters worse, I had a severe attack of the flu. When I began taking Tanlac I was so weak and worn out I had little strength or energy and was about ready to give up."

"After taking a few bottles of Tanlac I was like a new man, had the best sort of an appetite and could eat anything I wanted without any bad after effects. I have been in tip-top shape ever since."

Tanlac is sold in Victoria by The Owl Drug Co. and all other drug-gists. (Adv.)

BRITISH AMERICAN LEAGUE WILL HOLD LUNCHEON FRIDAY

Will Hear Addresses by Judge Freeman and George Bell

A luncheon of the British American League will be held at Spencer's Tea Rooms, at 12.30 on Friday next. All members are earnestly requested to attend. Two interesting addresses will be given, one by Judge A. A. Freeman, formerly of the American Bench, and one by Geo. Bell, ex-M. P. P.

Prospective guests are invited to leave their names with the secretary, at 1124 Broad Street, and secure an invitation to the luncheon.

The leading statesmen of the Empire and the United States are advocating the necessity of a better understanding between their respective countries. Such an understanding is vital to the preservation of civilization. The league is supported by the thoughtful men and women who believe that something of the kind is necessary so that school text books may be revised, foreign propaganda opposed and demagogues put out of business as far as possible.

The public is invited to support this movement, which requires only \$2 for a yearly membership.

CONCRETE IS RAPIDLY BECOMING UNIVERSAL FOR ROAD MATERIAL

A. E. Foreman Heard in Able Address Before Automobile Conference

The convention of the Vancouver Island Automobile clubs took place last evening at a supper and conference, held at the Dominion Hotel, with President Norman A. Yarrow in the chair.

Due to weather conditions and road difficulties only thirty members attended mostly local motorists. R. Kaplansky, president of the Nanaimo Automobile Club; H. Kidd, president of the Nanaimo Board of Trade, and D. Campbell, also of Nanaimo, attended to lay certain representations before the body.

The feature of the evening was an instructive address by A. E. Foreman, who in a brief address gave the advantage of concrete as a road material, both for bed and surface construction.

Concrete was almost universal now for hard surfaced roads, stated the speaker. Federal contracts awarded by the United States last year for road work were 75 per cent in favor of concrete.

Change in Character.

The change in the type of road traffic, the disappearance of the horse and the advent of the motor car, and increasing number of motor trucks on rubber tires, made concrete the most suitable material to use, Mr. Foreman said. Concrete was slightly more costly to install, but very economical in the end, maintenance being very low and wear slight.

On the other hand concrete roads brought the city to the country, rapidly and vice versa, while transportation costs were halved. Maintenance and cost per ton mile for gasoline haulage were cut tremendously, while the asset as "out tract" could not be overlooked, held the speaker, who quoted statistics which ably supported his contention: Water bound macadam and layer in numerous roads were disappearing gradually, and concrete would in the end fill every place in road construction.

Washington's Example.

Further concrete could be made non-slip and would so obviate one great cause of motor accidents today, Mr. Foreman said. The state of Washington last year laid twelve yards of concrete for every yard of other road material. It was stated while in Canada the amount of concrete road work had been easily doubled. The last and perhaps the greatest factor to the business man, was that the roads in concrete were accessible twelve months in the year.

"Concrete roads are an attraction to the tourist," stated the speaker in closing. "Our scenery is our greatest natural resource that I know, and the more we sell it the more valuable it becomes, and yet we have it with us always. I am satisfied if the Island automobile clubs work together and join with the mainland road service as exists in California to-day."

Mr. Foreman was heartily thanked for his able address.

Native Sons of Canada.

The Native Sons of Canada will assemble to-night in the Foresters' Hall, 1415 Broad Street, at 8 o'clock. This will probably be the last open meeting of the local branch of this society and all male native born Canadians are invited to be present.
